Date: 23/02/2021

Total Number of participants: 70

Workshop on Mushroom Culture

Organized by: IQAC, Kakojan College & JYOTISKA, Jorhat

Date: 23.02.2021

As a social responsibility of the institution towards the society, the Incubation Centre of IQAC, Kakojan College organized a Workshop on Mushroom Culture in collaboration with JYOTISHKA: A MSME registered (Govt. of India) Enterprise and Seuj Dharani Krisak Sangram Sammittee, Teok on 23rd February, 2021 at Kotikuchia M.E. School, Teok. A hands-on training programme on Mushroom culture was demonstrated by **Mr. Abinash Hazarika, a promising youth entrepreneur and recipient of Dr. B. R. Ambedkar award**. He encouraged the participants by exhibiting the simple way of preparation of mushroom bag, mentioning the ever increasing demand of mushroom and also its propitious nature. **More than 70 Villagers from Kotikuchia village** actively participated in the event. In the workshop, Mr. Sauravjyoti Barua mentioned the benefits of mushroom culture. In her speech, Dr. Ruprekha Bordoloi, Principal of Kakojan College, mentioned the values of mushroom in diet.

Activity Report (JYOTISKA)

Activity: Celebration of Earth Day and Initiation Eco-Brick Making: A Step Towards Reduce Plastics

Date: 22/04/2021

Total Number of participants: 88

Celebration of Earth Day and Initiation Eco-Brick Making: A Step Towards Reduce Plastics

Organized by: IQAC, Kakojan College & JYOTISKA, Jorhat

Date: 22.04.2021

Earth Day was celebrated on **22nd April, 2021** by the IQAC, Kakojan College. Keeping harmony with the theme – “Restore Our Earth”, the institute took the personalized objective of **“Eco-brick making: A Step towards reduce plastic”**. In this programme, which was attended by the students of NCC and faculty members, Dr. Ruprekha Bordoloi, Principal of the college inaugurated the Eco-brick making project. During the programme, Ms. Bobita borkotoky, Assistant Professor, Department of Botany, Kakojan College demonstrated the preparation procedure of eco-bricks and mentioned that as plastics are never ending wastes in our environment, to reduce its harsh effects on the environment, eco brick making can be a viable and sustainable option. **Total 88 nos. of students participate in the programme**
